ThermWay X

Viscosity

Viscosity (mm²/s)

The curve is bending due to the logaritmic scale on the Y-axis. Normally Visc-Temp diagrams are written with a log-log scale.
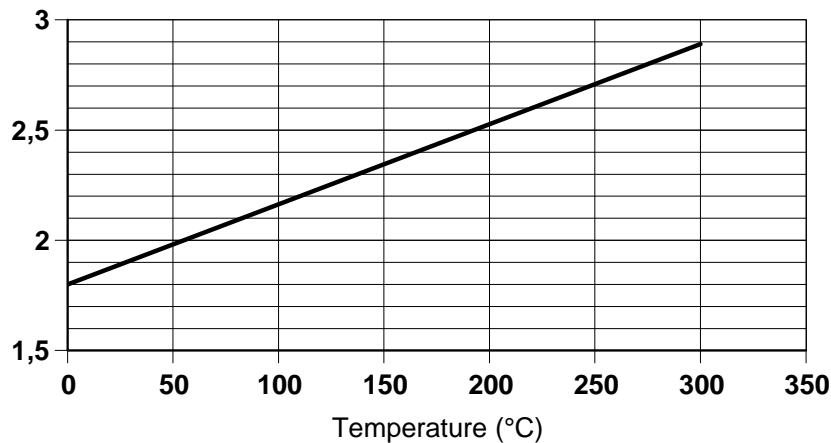

Temperature (°C)
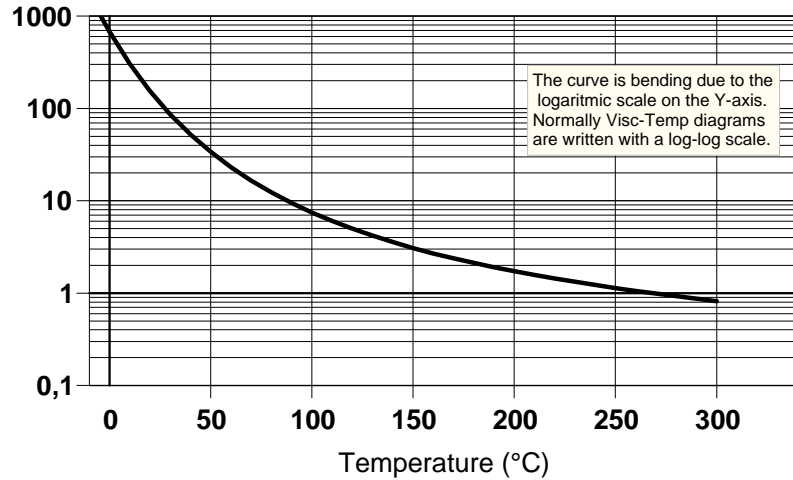

Density

Density (kg/m3)

Temperature (°C)
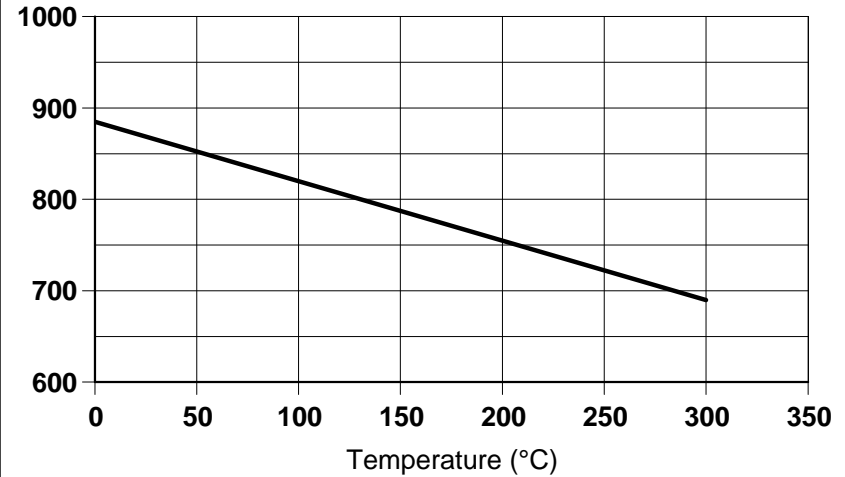

Specific Heat Capacity

Specific Heat
(kJ/ kg K)

Temperature (°C)

Thermal Conductivity

Thermal Conductivity
(W/m K)

Temperature (°C)
